

# HOW SHORT OUR MEMORY IS!

## 1941

ESCAPED POLISH JEWS TO BLISSFULLY UNAWARE HUNGARIAN JEWS:

"The Nazis are gassing and burning the Jews in ovens! Wake up and run, before it's too late!"

Hungarian Jews: "Stop your fearmongering! I cannot believe that the cultured Germans would do such a thing! Therefore, it cannot be true! I don't care if you claim to have seen it with your own eyes. I don't want to hear it! You are a conspiracy theorist, a wacko, and an antigasser! We have lives to lead, get away and stop scaring us!"

## 2021

ONLY 80 YEARS LATER, EVEN AS SURVIVORS STILL WALK AMONG US:

DTT (Discovered Tragic Truth) to BU (Blissfully Unaware): "Pfizer and governments are killing people with the covid injections and hiding the evidence! Just look at the 16,000 deaths post-vax on the CDC's own site! Wake up before it's too late!"

Blissfully Unaware: "Stop your fearmongering! I cannot believe that the CDC, the FDA, and Pfizer would do such horrible things, therefore, the evidence that you have discovered means nothing! You are a conspiracy theorist, a wacko, and an antivaxxer! I have a life to lead, go away and stop scaring me!"

**WHO SAID "NEVER AGAIN"? B'CHOL DOR V'DOR OMDIM OLEINU L'CHALOSEINU.**

Once again our safety is correlated with the limits that we subconsciously place on our imagination. We have an overwhelming emotional need to feel safe. Therefore we convince ourselves that our government, regulatory agencies, and pharmaceutical companies surely are only seeking our good and we ignore the clear evidence to the contrary. We would rather believe in a deadly virus than in murderous authority figures.

**WAKE UP KLAL YISRAEL! THERE IS A GENOCIDAL AGENDA UNFOLDING!**
