As you likely already know, a central facet of how they plan to chas veshalom control the entire world population is through CBDC, a global digital currency (which would replace standard money), and which they would program to allow or disallow whatever you may wish to purchase. They could even seize your assets for “bad behavior.” It is the ultimate social credit system.

Join us on Sunday and learn what hishtadlus we can do to counteract their plans.

Rabbi Shlomo Pollak will give fascinating insights as to why Hashem is bringing these events about now.

Investigator James Roguski will explain how we can push back against the WHO’s evil designs.

Lisa Kassner is an expert on the topic of how we can fight back against the Central Bank Digital Currency.

Dr. Janci Lindsay PhD will tell us how we can help with a critical new initiative that she is spearheading, called WeThePeople50. (<http://wethepeople50.com/>)
